Knowledge:

HTML ********** High   Python ********* High   Javascript ********* Medium

CSS ********** High   PythonSQL ********* High   PHP ********* Medium

- I had designed and programmed websites for entrepreneurs that wanted to start an online business and create a fully functional website. It can be an online store, a portfolio website or even more complicated websites like a dating app or educational platform where people can sell their courses and teach people.
- I have experience in creating Telegram Bots. I have my ownTelegram Bot that can show you places of interest like restaurants,parties, bars and concerts, based on your GEO Location in a radius of 1km.
- I have experience in creating Web Design and UI/UX design for applications.
- Furthermore, I have tried to create my own social media application in Swift language, but I couldn't progress with it, due to lack of finance to employ more programmers.
- Also, I have experience in data management, working with Big Data and also automation of different tasks.
- I know how to lead a team of programmers in order to carry out work effectively and on time, by applying Agile practices.
- Development of front-end and back-end of the website using HTML, CSS, Javascript.
- Automating the import of products and adding new products.
- Editing the images for the website.
- Working with databases MySQL.
- Setting up the API for the payment system.
- Constructing and coding modern UI/UX design.
- Setting up the API for the payment system.
- Working with Google Maps API to set the routes for the drivers.

Education

2023 Certificate of Higher Education| IT businessHigher school of economics and business, Moscow, Russia

I have been studying in the UK for 5 years in Felsted School, finished my GCSE and moved back to Russia. I have finished school in Russia and I applied for a university in Moscow named Higher school of Economics and business (HSE), faculty of Digital Innovations in business 2 diploma Russian and UK (UCL university). I haven't finished my university, because I had to migrate to Europe because of the war.
